Duncan Park Holdings Corporation

Notes to the Unaudited Condensed Interim Financial Statements

For the Six Month Period Ended May 31, 2013

1. NATURE OF BUSINESS AND GOING CONCERN

Nature of Business

The Corporation is incorporated in the Province of Ontario, Canada and is operating in the mining industry, devoting its efforts to establishing commercially viable mineral properties by exploring for gold and other precious metals in politically stable areas of the world. Currently it is exploring two properties in Ontario's prolific Red Lake mining district. It raises money by way of private placements and expends that money on exploration activities and administrative expenses. It is a reporting issuer which trades in Canada on the TSX Venture exchange under the symbol DPH-V and in the United States on the OTCQX under the symbol DCNPF. The Corporation's registered address is Suite 406, 372 Bay Street, Toronto, ON, M5H 2W9.

Going Concern

At this stage of its development the Corporation has no commercial operations and, therefore, no revenue, and is subject to the normal risks and challenges experienced by other such exploration companies in a comparable stage of development. Specifically, the recovery of the Corporation's investment in mineral properties and related deferred expenditures is dependent upon the discovery of economically recoverable reserves, the ability of the Corporation to obtain necessary financing to develop the properties and establish future profitable production from the properties, or from the proceeds of their disposition. The Corporation has minimal working capital to meet its essential administrative costs and must raise the approximately \$20,000 per month needed for normal ongoing administrative expenses. This raises significant doubt as to the Corporation's ability to continue as a going concern.

2. BASIS OF PREPARATION

Statement of compliance

These condensed interim financial statements of the Corporation were prepared in accordance with International Accounting Standard 34, *Interim Financial Reporting* ("IAS 34") using accounting policies consistent with International Reporting Standards ("IFRS"), as issued by the International Accounting Standards Board ("IASB").

These condensed interim financial statements do not include all of the information required for full annual financial statements and should be read in conjunction with the Corporation's audited financial statements for the year ended November 30, 2012.

The standards and interpretations within IFRS are subject to change and accordingly, the accounting policies for the annual report that are relevant to these interim financial statements will be finalized only when the annual IFRS financial statements are prepared for the year ending November 30, 2013.

These condensed interim financial statements were authorized for issue by the Board of Directors on July 18, 2013.

Duncan Park Holdings Corporation

Notes to the Unaudited Condensed Interim Financial Statements

For the Six Month Period Ended May 31, 2013

Basis of preparation

These condensed interim financial statements are prepared on the historical cost basis with a functional and presentation currency of Canadian dollars. Further, they have been prepared in accordance with International Financial Reporting Standards (“IFRS”) applicable to a going concern. Accordingly, they do not give effect to adjustments that would be necessary should the Company be unable to continue as a going concern and therefore be required to realize its assets and liquidate its liabilities and commitments in other than the normal course of business and at amounts different from those in the accompanying condensed interim financial statements. Such adjustments could be material.

The preparation of financial statements in compliance with IFRS requires management to make certain critical accounting estimates. It also requires management to exercise judgement in applying the Corporation’s accounting policies. The areas involving a higher degree of judgment of complexity or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 5.

New and revised standards and interpretations not yet effective

The Corporation did not adopt any new International Financial Reporting Standards (IFRSs) or interpretations during the period that had a material impact on the Corporation’s financial statements.

IFRS Standards issued but not yet effective:

IFRS 9:	Financial Instruments
IFRS 11:	Joint Arrangements
IFRS 12:	Disclosure of Interests in Other Entities
IFRS 13:	Fair Value Measurement
IAS 28:	Investments in Associates and Joint Ventures
IAS 32:	Financial Instruments

The Corporation intends to adopt the new standards prospectively in its financial statements. The impact of adoption of these standards has not yet been determined.

3. SIGNIFICANT ACCOUNTING POLICIES:

These condensed interim financial statements follow the same significant accounting policies and critical judgements in applying these policies as described in the Corporation’s audited financial statements for the year ended November 30, 2012 and have been applied consistently in the preparation of these condensed interim financial statements.

4. EXPLORATION OPTION AGREEMENTS

There have been no significant developments in the exploration option agreements during the period. The following should be read in conjunction with the Corporation’s audited financial statements for the year ended November 30, 2012.

The Corporation has entered into two agreements with Sphere Resources Inc. (“Sphere”) with respect to two properties in the Red Lake mining district of north-western Ontario, Canada, commonly referred to as the “Dome” and the “McManus” properties. Pursuant to the agreements, the Corporation has acquired Sphere’s right to earn a 75% interest in the Dome property and a 100% interest in the McManus property

Duncan Park Holdings Corporation
Notes to the Unaudited Condensed Interim Financial Statements
For the Six Month Period Ended May 31, 2013

by assuming Sphere's earn-in obligations, subject to Sphere's right to buy back a 51% interest in either property by the payment to the Corporation of four times the amount expended on the property and subject to Net Smelter Royalty obligations ("NSR's") to the underlying property owners. The results to date of the agreements are that the Corporation has earned the 75% interest in the Dome property at a cost of approximately \$1,000,000, (Sphere did not exercise its buy back right) and still has the right to earn a 100% interest in the McManus property at a cost of approximately \$1,200,000 by making one further property payment of \$75,000 and potentially issuing 78,000 shares, subject to Sphere's right to buy back 51% at a cost to Sphere of \$4.8 million leaving the Corporation with 49%.

5. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

There have been no changes in critical accounting estimates and judgements during the period. Readers should refer to the Corporation's audited financial statements for the year ended November 30, 2012 for detailed descriptions.

6. CASH

Cash in the bank earns interest at floating rates based on daily bank deposit rates.

8. TERM LOAN

On November 30, 2012, the board of directors authorized the Corporation to borrow up to \$150,000, subsequently expanded to \$300,000, from available sources, pursuant to which it has entered into unsecured term loan agreements with two non-arm's length parties to borrow \$215,000. The loans bear an interest rate of 5% per annum calculated annually, and are due and payable on or before December 15, 2014. The amount presented in the statement of changes in financial position includes accrued interest of \$3,148.

Proceeds of the loans have been used for working capital purposes and may be prepaid by the Corporation prior to their maturity date without penalty.

9. SHARE CAPITAL

The authorized capital is an unlimited number of common shares.

10. STOCK OPTION PLAN

The Corporation has a share option plan which was originally approved by shareholders in January, 2003, with certain amendments approved by shareholders in October, 2005, and further amendments in May 2010, at which time it was converted to a “rolling” plan under which the maximum number of options available to be granted is equal to 10% of the shares outstanding at the time of issuance of the grant.

Options may be granted only to directors, officers, employees and other service providers, subject to applicable securities laws and the rules of any Canadian stock exchange upon which the Common Shares may be listed or may trade from time to time. Options are personal to each optionee. The aggregate number of Common Shares reserved for issuance to any person, pursuant to the grant of options, may not exceed 5% of the total number of Common Shares then outstanding. In addition, the total number of Common Shares reserved for issuance to any one consultant or to an employee conducting investor relations activities, within a one-year period, shall not exceed 2% of the total number of Common Shares then outstanding. The Plan also provides that the aggregate number of Common Shares that may be reserved for issuance pursuant to options granted to insiders of the Corporation within a 12 month period shall not exceed 10% of the total number of Common Shares outstanding, unless the Corporation has obtained disinterested shareholder approval.

The exercise price of an option shall not be less than the closing price of the Common Shares on the stock exchange upon which its shares are listed on the last trading day on which the Common Shares traded immediately prior to the date of the grant, subject to an allowable discount of 25% and a \$0.10 minimum.

Weighted average exercise price of vested options exercisable - \$0.10 (2012 - \$0.13)

4,000,000 options to acquire common shares at a price of \$0.10 expiring March 31, 2016 were issued during the second quarter of 2011, including the grant of an aggregate of 3,500,000 options to the officers and/or directors of the Corporation. The balance of the options was granted to certain consultants of the Corporation. The options are exercisable for a period of five years at a price of \$0.10 per share and vest over an 18-month period, with one-third of the options vesting every six months.

The fair value of these options on the date of issue was estimated to be \$240,000 using the Black-Scholes option pricing model with the following assumptions: expected dividend yield of 0%; expected volatility of 97.5%; expected forfeiture rate of 0%; risk free interest rate of 1.25%; expected life of 5 years. The expected volatility was based upon the actual volatility for the preceding year, which was considered to be representative of the ensuing eighteen months. This amount was charged to expense and credited to contributed surplus over the seven fiscal quarters commencing in the second quarter of 2011, which corresponds approximately to the vesting period of the options.

The 800,000 options with an exercise price of \$0.30 expired unexercised on January 2, 2013.

At May 31, 2013 the following Director/Officer/Contractor options were outstanding.

Duncan Park Holdings Corporation
Notes to the Unaudited Condensed Interim Financial Statements
For the Six Month Period Ended May 31, 2013

In December 2011, February 2012, May 2012, and August 2012 the Corporation entered into flow-through share subscription agreements whereby it is committed to incur qualifying Canadian Exploration Expenses as described in the Income Tax Act, in the amounts of \$100,000 on or before December 31, 2012, and \$366,550 on or before December 31, 2013. These commitments have been met.

In December 2012 the Corporation entered into flow-through share subscription agreements whereby it is committed to incur qualifying Canadian Exploration Expenses as described in the Income Tax Act, in the amount of \$25,000 on or before December 31, 2013, none of which has yet been expended.

The Corporation agreed to indemnify the subscribers for any tax related amounts that may have become payable by the subscribers as a result of the Corporation not meeting its expenditure commitments.
