PRESS RELEASE

FOR IMMEDIATE RELEASE
December 12, 2014

Duncan Park Completes Flow-Through Share Offering; Proceeds to Fund Resumption of Exploration

Toronto, Ontario - Duncan Park Holdings Corporation (TSXV: DPH) announced today that it has completed its previously announced private placement of \$55,000 of flow-through common shares at a price of \$0.05 per share.

Proceeds from the non-brokered private placement are to be used to fund the resumption of geophysical exploration on the lake-based Dome claims in the Corporation's Red Lake properties. The work is expected to be carried out by Abitibi Geophysics Inc., commencing in January 2015, using the latest version of its IPower 3D technology.

Ian McAvity, President & CEO (and a 10%+ shareholder) of the Corporation, subscribed for all of 1,100,000 shares issued pursuant to the offering. The shares are subject to a hold period ending April 13, 2015.

The offering was approved by the non-interested directors of the Corporation. A material change report in respect of the private placement will be filed on SEDAR in accordance with applicable securities law. The report could not be filed at least 21 days prior to closing as material information concerning the private placement was not then known by the Corporation.

About Duncan Park

Duncan Park is a Toronto-based mineral exploration company exploring for gold and other precious metals in Ontario's prolific Red Lake gold mining district.

Cautionary Note Regarding Forward-Looking Information

This news release contains "forward-looking information" within the meaning of applicable Canadian securities legislation. Forward-looking information includes, but is not limited to, information with respect to the Duncan Park's exploration plans. Generally, forward-looking information can be identified by the use of forward-looking terminology such as "plans", "expects", or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates", or "does not anticipate", or "believes" or variations of such words and phrases or state that certain actions, events or results "may", "could", "would", "might", or "will be taken", "occur", or "be achieved". Forward-looking information is based on the opinions and estimates of management at the date the information is made, and is based on a number of assumptions and is subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of Duncan Park to be materially different from those expressed or implied by such forward-looking information, including risks associated with the exploration, development and mining industry such as economic factors, future commodity prices, changes in foreign exchange and interest rates, government regulation, environmental risks, permitting timelines, capital expenditures, operating or technical difficulties in connection with exploration and development activities, availability of skilled labour and equipment, the speculative nature of gold exploration and development, contests over title to properties, and changes in project parameters as plans continue to be refined as well as those risk factors discussed in Duncan Park's management's discussion and analysis for the period ended August 31, 2014, available on www.sedar.com. Although Duncan Park has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such information. Accordingly, readers should not place undue reliance on forward-looking information. Duncan Park does not undertake to update any forward-looking information contained herein, except in accordance with applicable securities laws.
